

A photograph of Bradford City Hall, a large, ornate Victorian building with a prominent clock tower, situated behind a large fountain with water spraying upwards. The scene is set in a park-like area with trees and a clear sky.

£30 million investment to power Bradford's future

Northern Powergrid, the company responsible for the network that powers everyday life for 8 million customers across the North East, Yorkshire and northern Lincolnshire, is about to start a major investment to improve the reliability and resilience of the power network serving Bradford, both now and in the future.

Phase 1 of this work takes place between October 2019 and Winter 2020 in your area.

Find out more
