<b>Innovation</b> In 2020-21 we spent £2.1m on Innovation projects in our Yorkshire license area, funded by our Network Innovation Allowance. Our diverse innovation portfolio contains 34 projects that focus on decarbonisation, reliability, digitalised solutions and value for money. 	<b>Safety</b> Our long-term safety performance is strong and places us in the leading pack among our peers. We achieved our annual headline safety target for Northern Powergrid as a whole in 2020-21, measured by the Occupational Safety and Health Administration (OSHA) rate – 0.18 against a target of 0.27 – representing four reportable incidents in a workforce of around 2,600. 		<b>Environment</b> We achieved our oil leakage and business carbon footprint targets for 2020-21 and we are on track to exceed our commitment in removing overhead lines from areas of natural beauty.
